Lauren Ross - Department of Justice investigation of the City of Austin Equity Office

Rachelle Wilson - TBD

Derek Schoonmaker - I've consistently observed road conditions near my home that present an imminent risk of serious injury or death. This is on Driskill between Red River and I35. After several 311 submissions, emails, and phone calls I seen no changes.

Cally Hibbs - TBD

Edwin Bautista - University Neighborhood Overlay (UNO)

Kathryn Garia - APD collaboration with ICE and the danger federal agents are causing on our streets.

Laura Carbonneau - Surveillance tech and collaboration with ICE

Michael Esselstein - Ice defunding

Aly Tharp - The Wastewater Pipeline easement through Festival Beach Food Forest (FBFF) approved by Austin Parks & Recreation (APR) Board in Nov. 2024, & City Council in January 2025, did not meet Chapter 26 standards for "all reasonable planning to minimize harm to the land" and violates the partnership contract between APR & Fruitful Commons (FBFF fiscal sponsor) due to failure to provide advance notice about impacts to the food forest. FBFF stakeholders were never informed or included in the process, and were not notified in any way whatsoever until an email from TxDOT on January 6, 2026, expecting that we relocate trees and plants for trenching to begin "mid-January". TxDOT is required to host quarterly meetings with FBFF as a documented impacted party of the I-35 expansion project section at town lake, and never brought this up in any of these meetings. This is egregious, and we seek council's support to mitigate harm and the unnecessary loss of city investments in the food forest, a unique and beloved city park.
